One Arranged Murder
Chetan Bhagat

Keshav Rajpurohit and Saurabh Maheshwari from the girl in room number 105 are back again as detectives who try to solve yet another murder case. This time the victim is the fiancée of Saurabh.

After the first case was solved Keshav and Saurabh has set up a detective agency named Z detectives.

Saurabh is now engaged to Prerna Malhotra in an arranged marriage set up. On the day of Karva Chauth she takes the fast for Saurabh even though she is not yet married. When Saurabh arrives at her terrace he couldnt find her there. What he finds is her body on the road. She has fallen from the terrace and had died. While a lot of people believe it to be an accident (even her post-mortem reports don't point at a murder), Keshav, Saurabh and a few others strongly believe it to be a murder and the duo are determined to get to the bottom of the case.

The Malhotra family is portrayed like a typical Punjabi joint family where you have Maaji Prerna's parents Prerna and brother, her aunt ,her uncle ,her cousin all living under one roof. Like a big family they too have their own issues and secrets.

As a typical Chetan Bhagat book this one is also a simple easy read one. Whether Prerna was murdered? If yes then who did it and for what are some things the reader has to find out themselves. Since this is a new book I will not go deep into this for want of not spoiling the book to interested readers.
